YOUR ORDER

Enter the order details and email address for the results to be sent to.

Name:

Web Order ID:

Email:

Purchase Date:

DD/MM/YYYY

PLEASE READ CAREFULLY:

- We only need 5-7 strands of hair or fur, at least 1 inch (2.5 cm) long.
- You can use any hair or fur from your pet—it doesn't have to be from a specific area.
- Place the sample in a sealed grip bag to keep it dry and secure during transit.
- Label each sample clearly (if needed).
- Put the hair sample(s) and the completed submission form into an envelope.
- We aim to send your test results by email within 72 hours of receiving the sample.
- Please make sure the correct postage is paid—incorrect postage may cause delays. Healthy Stuff is not responsible for these fees and your package could be returned.
- Do not send samples in metal foil or any metallic packaging.
- Do not include anything else in the bag with the hair—this can affect the test and lead to inaccurate results.
- We do not send printed reports.
- We only need your pet's hair sample. Once testing is complete, we'll email you the results.
